

GOVERNOR STUART NAMES Y. M. C. A. COMMITTEE

Will Seek to Raise \$50,000 Fund in Richmond for Work in Army Camps.

\$19,000 IS ALREADY PLEDGED

John T. Wilson Leads Committee, International Y. M. C. A. Proposes to Spend \$3,000,000 in Army Camp.

In order that the effort to raise \$50,000 in Richmond for the establishment of branches of the Young Men's Christian Association in military posts may be carried to a successful conclusion, and, in accordance with resolutions passed on Friday at the meeting of the committee, which had so far had charge of the campaign for funds, Governor Stuart appointed yesterday a committee to continue the campaign. The members of the committee are John T. Wilson (chairman), T. M. Carrington, Henry W. Anderson, John C. Casley, James H. Anderson, E. Randolph Williams, Walter Holladay, W. Meade Addison, T. A. Cary and E. A. Saunders.

In his letter announcing the appointments, Governor Stuart says:

"I bespeak for them the success which the importance of the great cause they represent should command, and I renew my most hearty endorsement of their patriotic efforts, which should appeal to the heart of every man and woman who feels a proper interest in the responsibility for the life and surroundings of the army of young men who are soon to leave their homes and home surroundings, and who will be in need of the associations and influences which the Young Men's Christian Association alone can give in organized and effective form."

HOPE TO HAVE WHOLE FUND PLEDGED SHORTLY

As a result of the work done last week, nearly \$19,000 of the \$50,000 asked of Richmond has been secured. The lack of time which prevented thorough organization of the campaign and an adequate advertisement of the real need for funds, held responsible for the comparatively small response. Efforts will be continued under the new committee, and it is expected that the desired amount will be pledged within a few days.

To establish the work of the Young Men's Christian Association in all the camps which will be established throughout the United States as a result of the entry of the country into the war, the committee has assigned \$125,000 of that, including Richmond's share. No other Southern State has yet started to raise its part of the fund.

PROCTOR MADE CASHIER

Well-Known Local Bank Man Accepts Position in Huntington, West Virginia.

Henry C. Proctor, well known in Richmond banking circles, will take the position as cashier of the Union Savings Bank and Trust Company of Huntington, W. Va., on June 1, having

Second Loan Made to Great Britain

\$25,000,000 Transferred by Secretary McAdoo to Ambassador Spring-Rice.

(By Associated Press.) WASHINGTON, May 5.—A second loan was made today by the government to Great Britain. The amount, \$25,000,000, was transferred by Secretary McAdoo to Ambassador Spring-Rice.

The loan is for a short time, and will be taken into the greater loan to be made when the proceeds of the big bond issue are in hand. An announcement also was made that the \$100,000,000 loan to France would be made within a day or so.

resigned as manager of the Richmond County Clearing Association, with which he has been connected since its organization in December, 1915. Mr. Proctor was at one time president of the Richmond Chapter of the American Institute of Banking, and is a vice-president of the national body at the present time.

DISCUSS LICENSE TAX

Academy of Medicine and Surgery to Hold Meeting on Tuesday Night.

The regular meeting of the Richmond Academy of Medicine and Surgery will be held in the auditorium of the Chamber of Commerce at 8:30 o'clock Tuesday night.

The proposed license tax will be discussed and papers on "Caesarean Section" and "The Case Hospital Unit" read by Drs. B. H. Gray and R. C. Bryan.

More Female Than Male.

LONDON, May 5.—One curious result of the war is seen in the fact that there are now more women than men students at famous Aberdeen University, Scotland.

COLLEGES TO CO-OPERATE WITH GOVERNMENT IN WAR

Officials of 180 Leading Institutions Confer With Committee of Defense Commission.

HEAR AN ADDRESS BY BAKER

Educators Go on Record as Believing That All Colleges Should So Modify Curricula as to Comply With Present Needs of Nation.

(By Associated Press.)

WASHINGTON, May 5.—Administrative officials of 180 leading institutions of learning in the United States conferred today with a committee of the advisory national defense commission and arranged machinery for co-operation with the government during the war. Secretary Baker addressed the conference, pointing out that important defense work can be done by the schools of the country, and the educators adopted resolutions embodying plans for active service.

The conference, held under auspices of the committee on science and research of the advisory commission, was attended by members of the National Association of Universities, the Association of American Agricultural Colleges and Experimental Stations, the

Association of American Universities and the Association of American Colleges.

The resolutions recommended that the bureau of education and the States' relations service prepare a comprehensive policy of co-operation between the government and the educational institutions "which will make for the most effective use of these institutions throughout the duration of the war." It was asked that educational institutions be kept advised of the technical, military and general training expected of schools and colleges, and that from time to time government agencies consider ways and means of strengthening the educational system to meet the emergencies of the war.

In a statement of principles adopted, the educators went on record as believing that all colleges and universities should so modify their curricula and curricula as to fully comply with the present needs of the nation. As an emergency measure, it was suggested that colleges consider dividing the college year into four quarters of approximately twelve weeks each and that, where necessary, courses be repeated at least twice each year.

AID IN GARDENING

Mothers' Clubs Donate \$100 to Food Supply Committee of American Red Cross.

To further the gardening movement in Richmond, the Federation of Mothers' Clubs gave \$100 to the food supply committee of the local chapter of the American Red Cross at its meeting held last Thursday afternoon. The

money was taken from the contingent fund of the organization, where it had been accumulated in anticipation of emergency.

The federation has completed its consignment of hospital supplies for the Red Cross which it made within the last few weeks instead of holding the usual Baby Week. As a result of the work of the mothers, one unit box has been filled and many supplies have been prepared in addition. About 1,000 bandages of various kinds, all

conforming to the specifications of the Red Cross, have been made. Rev. H. D. C. MacLachlan, D. D., pastor of the Seventh Street Christian Church, will preach the annual sermon to the Federation of Mothers' Clubs of Richmond on Mothers' Day, next Sunday.

To Enlarge Virginia's Shops.

ROANOKE, Va., May 5.—The Virginia Railway Company has completed its plans for the enlargement of

its shops and freight yards in this city. It is understood that the work will be commenced at once and be completed by the early fall. The shops are now employing a large force of hands and are crowded with work.

For Larger Development. BIG STORE BUILT, VA., May 5.—In order to largely extend its operations the Unaka Development Company of this place has increased its capital stock from \$25,000 to \$100,000.
